

Youthpro - Instant Oxygone set

Stock: In Stock

Call for Price: 051 447 5571

Description

Optimal immediate effect: The negative ionized Instant Oxygen Shot is for extra oxygen boost. The active ingredient complex of mannitol, Faex Extract, Glycogen and Magnesium Ascorbyl Phosphate helps to restore efficient cell metabolism while counteracting the age-related decrease in metabolic activity. The delivery takes place in a 3er-sorting in folding box
